Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114 was filed in this application after appeal to the Board of Patent Appeals and Interferences, but prior to a decision on the appeal. Since this application is eligible for continued examination under 37 CFR 1.114 and the fee set forth in 37 CFR 1.17(e) has been timely paid, the appeal has been withdrawn pursuant to 37 CFR 1.114 and prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on January 27, 2005 has been entered.

EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with David M. LaPrairie on March 21, 2005.

The application has been amended as follows: in claim 16, delete --claim 12-- and insert --claim 15--.

response, filed January 27, 2005. In addition, it is clear from the examples in Edwards, that Edwards only desires to utilize a combination of the aluminum compounds and the phosphorus-containing acids, and not a reaction product produced therefrom (see the examples of Edwards, in particular see Tables I and II).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
